Website Accessibility Statement
Last Updated: June 25, 2025

The **Opticians Association of Pennsylvania (OAP)** is committed to ensuring digital accessibility for all people, including individuals with disabilities. We are continually working to improve the user experience for everyone and to apply the relevant accessibility standards to enhance usability and inclusivity.

Accessibility Standards

OAP strives to conform to the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA. These guidelines help make digital content more accessible for people with a wide range of disabilities, including visual, auditory, cognitive, and motor impairments. Our ongoing efforts aim to ensure our website is:

- Perceivable – Information and interface components must be presentable to users in ways they can perceive.
- Operable – Interface components and navigation must be usable via keyboard, screen readers, and other assistive technologies.
- Understandable – Content must be clear and predictable.
- Robust – Content must be compatible with current and future user tools.

Our Efforts to Support Accessibility

To meet accessibility standards, we:

- Use semantic HTML and appropriate ARIA (Accessible Rich Internet Applications) labels
- Regularly audit our site for accessibility issues using automated tools and manual testing
- Provide text alternatives for non-text content
- Ensure sufficient color contrast for readability
- Design for full keyboard and screen reader navigation

Ongoing Improvements

We understand that accessibility is a continuous process. As we evolve our website, we are committed to:

- Including accessibility as part of our web development process
- Providing accessibility training to staff and content contributors
- Soliciting feedback from users to help identify and correct accessibility barriers

Feedback and Assistance

If you experience difficulty accessing any part of our website, or if you have suggestions to improve accessibility, please contact us. We value your input and will respond promptly.

📧 **Email:** opticiansofpa@gmail.com
🌐 **Website:** https://www.opticiansofpa.org

We aim to respond to accessibility feedback within **5 business days** and to provide a solution within **30 days** when feasible.

Third-Party Content

While we strive to ensure that all content on our website is accessible, some third-party integrations or external links may not meet the same standards. We encourage users to contact us if they encounter an issue so we can work with the provider or offer an alternative.

Thank you for visiting the Opticians Association of Pennsylvania website. Your access and experience matter to us.
